Main titles should be using Lato Light font, secoundary title should be using Lato Bold font, and captions should be using Lato Light Italic font.

There should not be more than 3 text colours and 4 font sizes on a single page.

Sample Compositon

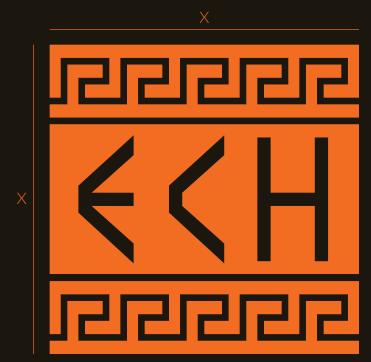

Highlighted text. Use Lato Bold font. Should not be used on any paragraph with more than 150 characters.

Body text. Use Lato Light font. Can be used on paragraphs with any number of characters. Web links should be in **orange colour** without underline. This style should only be used on pages with dark brown background. Pages with white background should use black text color.

Captions. Use Lato Light Italic font. Should not be used on any paragraph with more than 300 characters.

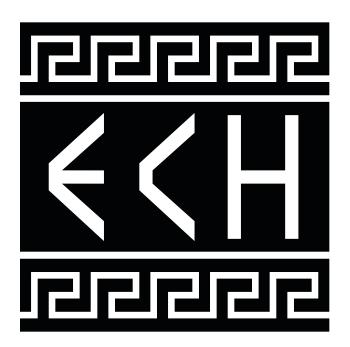

Logo

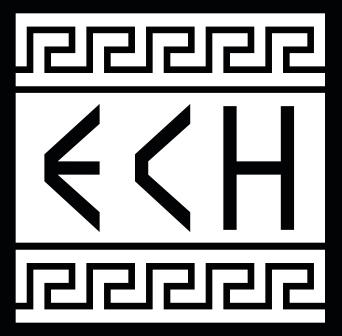

The logo is monochromatic, which makes it easy to re-colour.

The width and height of the logo are the same, making it a perfect square.

Logo

Other than the brand colours, the logo can be black on light background or white on dark background.

Logo & Background

The logo should have enough contrast with the back ground. If the background is one of the brand colours, use the brand color with opposite value.

Eros Coffee House visual identity guidelines

Logo & Background

Use black or white logo on backgrounds that are not in brand colours.

Logo & Background

Logo & Pattern

The pattern on the top and bottom of the logo should be omitted if th Logo is being used in close proximity of the same pattern.

Not Allowed

Not Allowed

Allowed

Frames & Borders

The most important piece of information should be on orange frame. Use dark brown as text color. The font should be Lato light.

Use light brown frame for regular content. Use dark brown as text color. The font should be Lato light.

Horzontal Frame

Horizontal frames sould contain the tile of the page or product. The frame should touch the page border on the left side.

Frames & Borders

Pattern

This pattern can be used in any design that is assosiated with the brand. The negative space whitin the pattern should have enough thickness to be precived as a shape rather than a line.

The pattern below is too small and the negative space is precieved as lines rather than shapes. Therefore, the pattern can not be used in this size.

Images

Images that have enough contrast with the background color can be placed without and frame around them. In this case, image captior will be displayed below the image.

Image frame should be in a color that has enough contrast with the image. The frame should touch the right side of the page. Captions should be whitin the frame and start from top right corner of the image.

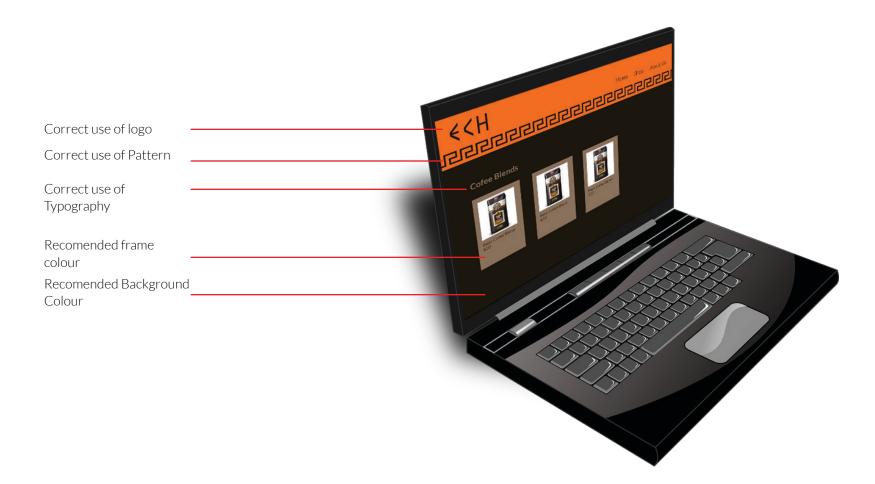

Caption for images without a background frame.

Caption for images with a background frame.
